Dear Friends,

This letter is to apprise you of an unfolding idea blessing the Christian Science movement and those who desire Christian Science nursing care.

Known as the Christian Science Nursing Care Endowment, it is a 501 (c)(3) non-profit organization, incorporated under the laws of the State of California. Great care has gone into its establishment, relying on divine guidance to bring its purpose to fulfillment. Already assets contributed to the Endowment are in excess of \$1,000,000.

The care facilities and nursing care services in Southern California have been included in the development of this idea, providing valuable suggestions. Both The Mother Church and the Committee on Publication for Southern California are aware of this activity.

The enclosed brochure explains the need and how the Endowment works.

Your prayerful support is appreciated as this new idea grows and blesses Christian Scientists in Southern California.

Most Sincerely,

R. Barry Walson  
President
